Dear Valued Customer,

We are very pleased and excited to announce that we have entered into a letter of intent to sell W.B. Johnston Grain Company and other related entities to CGB Enterprises. This was a decision that was not taken lightly by the Meibergen Family. We took over one year to find a company as like-minded as WBJ when it comes to our focus on customer success, employee success and growth goals going forward.

Partnering with CGB is the best decision for our long valued customer base, our team of employees and the Meibergen Family. This is a wonderful opportunity not only for WBJ but also those who have made WBJ great, our employees and our customers. The global network as well as the integrated food supply chain that CGB is part of, combined with the 120 year experience of WBJ, will further add to our ability to find the best market possible for the commodities that you nourish and grow. Going forward, when you do business with the CGB/WBJ team please know that you will be doing business with the end user, allowing CGB/WBJ to add even more value to your farm.

During this transition WE will work closely with our customers, suppliers and employees to quickly and efficiently complete the integration process so that we can begin to focus on providing you with uninterrupted service that will help you achieve your maximum potential on every acre.

I thank you for your valued business over the last 120+ years and am very excited to continue to provide you the service that you expect and deserve going forward.

Thank You,
