2022 National LIMOUSIN SALE

JANUARY 2, 2022 • 5 P.M. CST
EMBASSY SUITES BALLROOM • OKLAHOMA CITY, OKLAHOMA

SALE UPDATES

Any additions and/or corrections to the sale catalog will be posted the evening prior to the sale at RRMktg.com, MCMarketingManagement.com and nalf.org.

ANNOUNCEMENTS

Announcements made sale day by the owners, auctioneer or sale management take precedence over statements in the sale catalog.

PAYMENT

Terms of the sale are cash unless satisfactory credit arrangements have been made prior to the sale. All lots must be paid for at the time of the sale unless prior arrangements have been made.

TRANSFERS

Consignors are responsible for registration and transfer of lots after settlement.

TERMS AND CONDITIONS

Cattle sell in accordance with the North American Limousin Foundation. Please note: Sale management is an agent for the seller and has no responsibility other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the sale manager nor the sale consigners assume liability. Legal and/or otherwise for any accidents that may occur.

EPDs - Current as of 12/22/21

All Credit Cards Accepted (3% fee applied)

Dear Limousin Friends,

It is with much excitement and anticipation this sale team invites you to look through this impressive assimilation of genetics for the 2022 National Limousin Sale.

As you flip through this catalog you will realize exactly why we are excited. The goal of this sale was to assemble a truly unique set of elite Limousin and Lim-Flex genetics from leading producers across the continent.

We want to congratulate all those involved in this sale for their willingness to work together to make this an event where we will celebrate the many positives in and around this breed.

Thanks to the efforts of many, most especially the premier producers from across this continent, we feel this sale is a more than appropriate way to kick off the new year and usher in the 2022 sale season. As you study this sale book, it will become evident that breeder's bought into this philosophy and dug deep into their genetic arsenals to offer seedstock that are truly worthy of carrying the moniker, "Elite."

From major league herd sire prospects, to proven donors, to fancy open heifers, to embryo packages never offered before, the lots presented here are "the best of the best."

We look forward to working with both buyers and sellers to help each achieve their goals. If we can be of any assistance prior to or during the sale, please do not hesitate to contact any capable member of this marketing team.

On behalf of each and every consignor as well as the marketing team, we appreciate your interest in the offering assembled for the 2022 National Limousin Sale. We look forward to seeing you in Oklahoma City, Oklahoma.

Selling Full Possession & 25% Semen Interest

Tubmill Creek Farms has brought one of the most unique PUREBRED opportunities ever offered on auction in the Limousin breed! COLE Genesis is an elite herd sire in his prime that not only boasts an impressive phenotype but, breed leading EPDs across the page. Worth noting, COLE Genesis was the top-selling lot in the Coleman Limousin Ranch 42nd Annual Bull Sale where he was appraised for a staggering \$80,000 valuation and was a member of the 2020 National Western Stock Show Grand Champion Limousin Pen of Three Bulls. He is the homozygous polled, purebred son of HUNT Credentials 37C out of COLE Miss X-Rated 354A. When a bull of this caliber is able to not only look the part, but have a number profile that is this powerful, you take serious note. He has many chart-topping figures but, one worth special notation is his marbling number which ranks among the very best in the purebred population. His birth to yearling spread is remarkable, coupled with a top 2% milk figure, all but assuring the added value he projects to add to any progressive breeding program. This is a rare opportunity to invest in a young sire that has cattlemen from across the nation in a frenzy!

Selling Full Possession & 100% Embryo Interest
AI'd 12.15.21 to STAG Good Times

Attention Cattlemen! Here is the chance to procure a big time breeding piece! For your appraisal is the well known MAGS Wassail donor in her entirety. This prolific donor has 70 progeny recorded in NALF, many of which have left their mark on the breed in various ways. MAGS Wassail's biggest accomplishment was in 2013 when she was mated to Silveiras Style 9303. The result was one of the most storied Limousin show heifers in history. LLJB Absolute Style 3056A sold in the 5th Annual Linhart Limousin Harvest Sale to Shelby Hennessy of North Dakota. Hennessy exhibited Absolute Style all over and most notably to the 2014 Grand Champion Female title at the North American International Livestock Exposition in the Level I MOE National Limousin Show. Since her days in the show ring, LLJB Absolute Style 3056A has made her mark as an elite donor with many notable progeny. Those include, CELL Fascination 8231F, the top seller in the 2018 Fall Harvest Sale commanding \$80,000 from Sara Sullivan of Dunlap, Iowa; and the high-selling bull in the 2020 Linhart Limousin Business Done Right Bull Sale, CELL Freedom 8208F, who was purchased by Wilder Family Limousin of Texas. MAGS Wassail is a daughter of the Limousin legend DHVO Deuce 132R, whose legacy will live in the history books for eternity. Her dam is MAGS Manda, a daughter of EXLR Dakota 353G who has more than 100 progeny recorded at NALF. This female has an impressive resume having raised great ones in years past and great ones in recent years. Don't pass on the opportunity to invest in a female of this caliber.

Due 1.30.22 to MAGS Federal Reserve

This female is one to get excited about. Talk about an eye-catching, maternal, productively designed female. She is extended though her front one-third, clean in her lines, sound on the move and carries plenty of natural rib dimension. A daughter of the now deceased PBRS Bunk House 48B, this proven sire transmits growth and do-ability to all his progeny. Her donor dam is the well known PBRS Classen female that is a beautiful patterned female that does a world of good. On paper, MAGS Hassel Free 1652H ranks in the top 15% for weaning weight and top 10% for calving ease. This production female will do a variety of herds good. She is homozygous polled and homozygous black. MAGS Hassel Free 1652H is a head turning female you'll want to have in your possession!

An outstanding natural calf from a promising young donor cow in the Lawrence Family Limousin, Coyote Hills Ranch and Live Oak partnership. This young female is sound made, thick-topped, deep-ribbed, up-headed and attractively designed. Jazzi Girl's dam is a super female that was one of the top sellers in the 2021 National Sale and sired by LFL Deluxe Edition, the proven sire that was Reserve Grand Champion Bull at the 2016 National Western Stock Show.

This female is one to get excited about. Talk about an eye-catching, maternal, productively designed female. She is extended though her front one-third, clean in her lines, sound on the move and carries plenty of natural rib dimension. A daughter of the proven PBRS Encore 7195E, a son of SBLX First Class, this female's dam is J Bar J Great Sight G910G, a beautiful pattered 2-year-old that we purchased from Glendenning J Bar J. We highly anticipate her bright future in our program having proven her genetic value on her first try. On paper, this female has a well-balanced EPD profile highlighted by rankings in the top 4% for marbling and top 10% for mainstream terminal index. She has every single thing stacked in her favor—flawless presence, a captivating future and one heck of a proven pedigree. Don't miss this female, we think she has a bright future ahead of her no matter what your plans hold.

PICK OF FALL BRED HEIFERS

PICK OF *Fall Bred Heifers*

offered by Coyote Hills, Just A Mere & Diamond Hill

Your opportunity to select from 60 fall bred, high-quality Lim-Flex heifers from the replacements at Coyote Hills Ranch. All are black and polled. 54 are homozygous black and 55 are homozygous polled. They are sired by several prominent AI sires. The most numerous are MAGS Eagle, LFL Dividend, DHIL Colt and CHR Cowboy. Several are daughters or granddaughters of proven donor cows, such as PBRS Touch Me Gently, AUTO Bliss, AUTO Usually Yours and others.

Their average EPDs are impressive—CED: 11, BW: 1.2, WW: 78, YW: 122 and Milk: 21. They were all AI'd December 1 to LFL Dividend, MAGS Aviator, AHCC Easy Rider, CHR Ace Ventura, Schilling Game Over and KRVN Naskar. They were pasture exposed to calving-ease MAGS Aviator sons, LFL Dividend and CHR Governor.

TERMS: Half due sale day. Balance due when selection is made after pregnancy check is complete—perhaps at the Coyote Hills Bull Sale March 12.

PICK OF OPEN HEIFERS

PICK OF *Open Heifers*

offered by Wieczorek Limousin

Folks, rare opportunity abounds! This pick is coming from one of the most respected and leading Limousin firms north of I-70, Wieczorek Limousin. The list of elite sires that have been raised over the years wearing the WZRK prefix is simply remarkable and this program is offering pick of their black female counterparts. Found in the spring open heifers are numerous donor prospects featuring leading Limousin and Lim-Flex females that combine both numerical superiority and desirable phenotype. Folks, here is a rare opportunity to invest in a leading female backed by a program that has been breeding elite seedstock for five decades. Bid with confidence.

Truly a unique opportunity to procure a sexed heifer pregnancy of one of the most exciting matings in the breed. This pairing will be something truly special. LLJB Absolute Style 3056A is a female that came out of our 5th Annual Fall Harvest Sale purchased by Shelby Hennessy of North Dakota. Hennessy showed Absolute Style all over the country, most notably to the 2014 Grand Champion Female title at the North American International Livestock Exposition in the Level I MOE National Limousin Show. Since her days in the showing, LLJB Absolute Style 3056A has made her mark as an elite donor with many notable progeny. They include CELL Fascination 8231F, the top seller in the 2018 Fall Harvest Sale commanding \$80,000 from Sara Sullivan of Dunlap, IA; and the high-selling bull in the 2020 Linhart Limousin Business Done Right Bull Sale, CELL Freedom 8208F, who was purchased by Wilder Family Limousin of Texas. The sire of this mating is the extremely popular ELCX Kings Landing 599 D. This sire has garnered the attention of numerous producers across the country for his impeccable ability of siring individuals with look, power and substance. ELCX Kings Landing 599 D recently sired the \$105,000 high-selling female at the 2021 Linhart Limousin Fall Harvest Sale. Don't sleep on the chance to own greatness.

Here is a heifer pregnancy you won't want to miss! Davis Ranches of Brownwood, Texas, is consigning a heifer pregnancy due 9.22.22 to the ever popular ELCX Kings Landing 599 D and the impressive DL Hosanna 526H female. ELCX Kings Landing 599 D is the MAGS Xyloid x WLR Prada son that has taken the Limousin breed by storm. He was the 2018 North American International Livestock Exposition Level I MOE Grand Champion Bull. His progeny continue to reign as the high-selling lots of numerous offerings. To name a few, his daughter ELCX Gracious 951G, sold for \$30,000; ELCX G Mail 950G sold for \$15,000; and DL Heaven Can Wait 550H sold for \$15,000. DL Hosanna 526H is a purebred daughter of TASF Crown Royal 960C and from the one and only Riverstone Charmed female. TASF Crown Royal 960C is one of the most popular Limousin bulls in the breed. He is making huge waves with his calves as represented by his banner winning progeny. The breed-leading and popular female, Riverstone Charmed, more commonly referred to as the 'Ratliff heifer,' was champion at nearly every show she attended and was the first Limousin female to win Supreme at NAILE. Now is the time to buy into some of the winningest genetic combinations in the history of the Limousin breed.

Seller furnishes semen.

B-Bar Georgina 17H is the very first Lim-Flex female ever offered for sale from B-Bar's progressive cow herd in Lucky Lake, Saskatchewan. We feel she has tremendous quality both in the flesh and on paper. She is appreciated for her length of body, depth of rib, attractive front end and strong udder development. Her dam comes from the well known Belvin Angus operation. This female is a very maternal, big-bodied female with strong udder quality and tons of milk. When we saw this impressive female we knew she needed to make the trip south as you just don't find intriguing pedigrees like this very often. No matter what bull you choose to sire your embryos, the result will be of excellent quality and highly marketable.

Guarantee a minimum of 5 embryos with a maximum of 10. IVF or Conventional embryos can be made. Buyer pays flush expenditures.

An intriguing opportunity to flush Pinnacle's Honor Roll 72H. This female was a sale feature and top seller at Pinnacle View Limousin's 30th Anniversary Production Sale. She caught our eye because of her unrivaled amount of substance with genuine body shape and dimension and flawless structural build. She is a daughter of the popular B Bar/Hawkeye Sting 47F, who transmits muscle expression and center capacity. Her dam is a young, up-and-coming female in the Pinnacle program. We are offering the right to flush this female to three different AI sires for adaption into a variety of programs.

AUTO Princess 253D is a female we think very highly of. Procured from the heart of the elite Pinegar Limousin program, this female is one to get excited about. Talk about an eye-catching, maternal, productively designed female. She is extended though her front one-third, clean in her lines, sound on the move and carries plenty of natural rib dimension. Her sire is the great MAGS Aviator who transmits standout phenotypes consistently. Her dam is the great AUTO Lucky Too 423Y, the WLR Direct Hit daughter out of TYEJ DB Serenity. Her dam currently has 45 progeny recorded at NALF. Here is a unique genetic opportunity to either an IVF cycle or conventionally flush. We think a lot of this female and are excited about her future.

Attention cattlemen! Here are three IVF heifer embryos by the great JCL Driver 617D bull and the CELL 5065C female. JCL Driver hit the show circuit in Fort Worth with great anticipation and even better results. His first time out as a calf he was reserve champion and the talk of the barn. JCL Driver is in the top 2% and top 5% for WW and YW, respectively as well as the top 15% for \$MTI. His style and eye appeal are admired by the most critical evaluators in the industry. He is a big-footed, sound made and very appealing from the side. We admire this bull for his heaviness of muscle, extra thickness and overall power. He is sired by the deceased and very popular sire Cottage Lake Border Agent whose calves have been much sought after and are some of the very finest in the business. The genetics behind this bull are some of the best the breed has to offer. CELL 5065C is a White Valley Ranch donor that is the result of championship genetics lined up on both sides of her pedigree. She is sired by DHVO Deuce, the national champion bull out of the national champion purebred female MAGS Wrigley.

Endless possibilities here! Royal Jester 103J combines a notable pedigree, a balanced EPD profile and eye-catching phenotype. He is a homozygous polled son of the proven HUNT Credentials 37C whose progeny have been topping sales across North America, such as the \$40,000 high seller at the 2020 Coleman Limousin Bull Sale. His dam is the 2019 Canadian National Champion Limousin Female, Boss Lake Ms Molly 812F, who is a daughter of the head turning Cottage Lake Border Agent, the 2015 Grand Champion Bull at the Fort Worth Stock Show and Reserve Division Champion at the 2015 National Western Stock Show. Her dam, AUTO Olga 498A, was procured from the elite Pinegar Limousin herd. This female is a lead donor at Boss Lake Genetics and continues to raise some of the best Purebred Limousin cattle in North America. Power is in the blood for Boss Lake Ms Molly 812F, with her flushmate sister also having a storied show ring career. Boss Lake Ms Molly 812F has captured the attention of many cattlemen on both sides of the border due to her unique combination of athleticism, bone, power and mass, while maintaining an ultra-feminine look. She has made the transition from the show ring to production seamlessly. Her first calf was Royal Holly 005H. This full sib to Royal Jester 103J was retained in the Royal herd and her future as a foundation female/donor is anticipated. The donor dam of this lot, PBRS Glo 9291G, is powerful through her center body cavity, smooth and feminine in her lines and has the overwhelming cow power to capture the most critical eye. Her milk figure of 25 ranks in the top 15% of the breed. These future calves are poised to inspire the next generation of truly exceptional red Limousin genetics.

Dial your sights in on this opportunity, folks! Three IVF heifer embryos by the recent \$64,000 high-selling Royal Jester 103J bull and out of CYWD Hollywood 17H. Royal Jester 103J combines a notable pedigree, a balanced EPD profile and eye-catching phenotype. He is a homozygous polled son of the proven HUNT Credentials 37C out of the 2019 Canadian National Champion Limousin Female, Boss Lake Ms Molly 812F. Royal Jester 103J combines so many good pieces into such an alluring phenotype. On paper he has numbers worth studying, highlighted by his top 5% gestation, top 10% milk, top 10% total maternal, top 15% scrotal circumference, top 10% carcass weight, top 10% marbling and top 20% mainstream terminal index. The donor dam of this mating, CYWD Hollywood 17H, is one of the finest homozygous polled, red females in our breed! If you are in the market for genetics from a powerfully built, deep-bodied, loose-made foundation female that maintains femininity through her front one-third and is sound of both ends of her skeleton, this female is made for you. She carries a fresh pedigree as her sire is TRMS Red Dirt Cowboy 2017D ET, a 50% Lim-Flex that has popular Red Angus AI sire PIE The Cowboy Kind 343 on the top side and the popular donor ENGD Zenana 2074Z on the bottom side. This is truly a special opportunity to acquire genetics from a unique homozygous polled, red herd-building female! She is due at the end of February and will go into transplant at that time at Trans Ova in Chillicothe, Missouri.

Show heifer genetic opportunity here. SHSK Mercedes 802F is a daughter of the heavily used MAGS Aviator out of the one and only SHSK Barbara. From the ground up this female is big-footed, stout in her bone work with added angularity to her skeletal design. She is genuine in her muscle shape and dimension with a practical build. The top side of this mating is the popular Angus AI sire that makes such outstanding hybrid show heifers in various breeds. Don't sleep on this opportunity.

Talk about another unique opportunity! Three IVF heifer embryos to the recent \$64,000 high-selling Royal Jester 103J bull and BSRT Gold Digger. Royal Jester 103J combines a notable pedigree, a balanced EPD profile and eye-catching phenotype. The son of HUNT Credentials 37C out of Boss Lake Ms Molly 812F, has impressed many with his mass and muscle coupled with style and eye appeal. From the ground up, he is stout in his bone work with added angularity to his skeletal design. He is genuine in his muscle shape and dimension with a practical build. What makes this purebred herd sire prospect different from the rest is his foot and leg design. He tracks with a long, comfortable stride and sets down onto a big foot with impressive pastern flexibility. On paper he has numbers worth studying, highlighted by his top percentiles for gestation, milk, total maternal, scrotal circumference, carcass weight, marbling and mainstream terminal index. BSRT Gold Digger is an exciting donor female that we're ever proud to feature. We've always been a fan of this cow family. BSTR Gold Digger ET is a full sister to SBLX Zane. They are the daughters of MAGS Winston and the great SBLX Underthecovers female. This female is 50% Lim-Flex, red and double polled. She ranks in the 15th percentile for marbling and in the 20th percentile for birth weight. Stacked with proven cow families in her pedigree that are proving themselves time and time again within the breed and far beyond. This mating is truly one to write home about.

You'll want to pay attention here, folks! Three conventional embryos featuring the TASF Heinekin x PBRS Bell 4100B mating. TASF Heinekin was the \$44,500 top-selling lot in the Thomas & Son Farms' New Year's Resolution Online Bull Sale. He is the 50% Lim-Flex son of TASF Crown Royal 960C out of Pleasant Valley Elsa 1439. From a phenotypic standpoint he is big-footed, relaxed in his pasterns, long-striding and one that hits you hard when in motion. Aside from that, study his depth of body, square hip and natural muscle shape. Numerically, he ranks in the top half of the breed or better in some of the most relevant traits in the industry today - weaning weight, yearling weight, milk, carcass weight, ribeye, marbling and mainstream terminal index. Also worth noting, he is out of an exceptional Angus donor we admire for her udder shape, reproductive efficiency and phenotypic design. This is your opportunity to obtain genetics from this well rounded individual who has all the makings of the next great Lim-Flex AI sire. The dam in this exciting mating is PBRS Bell 4100B. She is the daughter of MAGS Zamindar and out of a tremendous female, Oak Hill Miss Wix 72S. These three conventional embryos will be homozygous polled and double black.

An extremely exciting opportunity to purchase some of the freshest and most valuable genetics the prestigious Wulf Cattle operation has to offer. Wulfs Edwinna 7056E has made herself a very impressive resume for her age, producing a feature lot in the 2020 Wulf Cattle Opportunity Sale with her first calf, Wulfs Gallagher 7056G, who was a top seller, bringing \$17,000, selling to Wieczorek Limousin. History repeated itself with her second calf, Wulfs Hickok 7056H, who was the lead bull in the Reserve Champion Lim-Flex Pen of three at the 2021 Cattleman's Congress, then commanded top dollar at the recent Wulf Cattle Opportunity Sale selling for \$22,500 to Running Creek Ranch and Peterson L7 Bar Limousin. Producing two top-cut bulls in Wulf Cattle's vast population is no coincidence which gave her a strong bid of confidence as a donor in the program. Phenotypically, this young female has a beautiful pattern and exceptional udder conformation. Numerically, she has breed leading EPDs highlighted by a massive birth to yearling spread, ranking in the top 10% for birth weight, top 10% for weaning weight and top 5% for yearling weight. What's more, she ranks in the top 1% for milk, top 2% for scrotal circumference, top 1% for docility, top 10% for ribeye area, top 20% for marbling and top 10% for mainstream terminal index. She is sired by Bieber Deep End B597, who has a record of producing exceptional Lim-Flex cattle such as the well known Wulfs Emprize 2424E. There is proof of these very genetics outperforming all others in one of North America's most reputable programs. Imagine how these same genetics will work for you!

Royal Jester RBGL 103J was the \$64,000 top seller at the 2021 A Night on the Town Sale in Las Vegas, Nevada. This eye-catching, high-percentage, red, purebred is truly special. We quickly procured exclusive semen from this young herd sire and are excited about the genetic influence he will have on the program. This HUNT Credentials 37C son is an absolute game changer. He is flexible in his joint work, big-boned, soft in the center portion of his body and clean-fronted. His dam is the young Molly donor that was the 2019 Canadian National Champion Female that is making her mark on both sides of the border. He is a head turner that can get the job done phenotypically and genetically. History is waiting to be written with this praiseworthy herd sire prospect.

Wulfs Fiat K683F is a son of the famous Wulfs Soloist 628BS. It is hard to gauge the vast impact this female has made, not only on our operation, but the entire Limousin breed. Soloist has 248 registered progeny with NALF and those individuals equate to millions of dollars of breed leading seedstock. Our top donor females and herd bulls have this matriarch imbedded into their pedigrees. Wulfs Fiat K683F ranks among the best of her offspring. He is a son of the proven HUNT Credentials 37C who effectively transmits structural soundness, perfect foot conformation, scrotal circumference and breed leading marbling. This herd sire has had a large impact on the cattle we have prepared to exhibit at the Second Annual Cattleman's Congress.

IVF EMBRYOS

Any chance to own the Charmed influence is a chance you don't want to pass up. SSTO 9810G is a direct descendant of the one and only Riverstone Charmed 50C. "Larissa" is the undisputed National Champion female etched flawlessly in the minds of every cattleman across the nation and far beyond. On top of her more than impressive show career for Ratliff's Cherry Creek Farms of Westphalia, Kansas, she produced \$137,500 in her first five offspring to sell, averaging \$27,500. Her very first set of offspring included Ratliff Majority Rules ET, the \$75,000 half interest bull calf and a \$40,000 daughter sired by MAGS Aviator, SSTO Maximilian 743E ET. We could take up pages to encompass the major influence Riverstone Charmed 50C has had, but we'll save that for another time. SSTO 9810G is sired by the popular HA Cowboy Up 5405. This is a rare opportunity and one that you'll want to have on your radar.

Guaranteeing 1 pregnancy if implanted by a certified embryologist.

Here is an opportunity we couldn't be more proud to offer! Future progeny out of a cow that is fresh to the industry, yet already making a name for herself. After producing the popular 2021 NJLSC Champion Bred & Owned Female, we had one goal with this cow, make more. Between her producing a national champion, and the coming of a like-minded partner on the cow, we decided we'd better get her in the flush lineup. She's been flushed with great success recently. If you are looking for genetics that will have a quick, profitable return on investment, then this mating is for you. TASF Guinness 315G is siring great-structured, explosive, feminine females, and the Ester cow stamps her daughters in a similar manner. We expect these three-quarter sibs to resemble COBN Hennessy 022H, the 2021 NJLSC Bred & Owned Female, in terms of structure, body and presence with added hair and bone. Not to mention the softer muscle pattern she maintains, which opens the door for making elite purebreds.

Study the pedigree. MINO Fiona is a daughter of AUTO Callie 403D ET, the Grand Champion Limousin Female at the 2018 All-American Limousin Futurity. This female is an AUTO Power Plus 133B daughter out of the famous AUTO Rebeca 292S donor who has 246 progeny recorded in NALF. She is truly stunning with her depth of rib, stoutness of bone and super cool look. The sire side of this pedigree is just as exciting. As mentioned on Lot A, LHC Capital is a sire with a lot of buzz that we think pairs perfectly with this female and what we are trying to produce. Evaluate these must-have embryos. You can't go wrong.

If you're in the market for elite Lim-Flex genetics, now is the prime time to buy in! KLS Farms is offering embryos by the great ELCX Kings Landing 599 D and PBR5 5136C. ELCX Kings Landing 599 D is the MAGS Xyloid x WLR Prada son that has taken the Limousin breed by storm. He was the 2018 North American International Livestock Exposition Medal of Excellence Grand Champion Bull. His progeny continue to reign as the high-selling lots of numerous offerings. To name a few, his daughter, ELCX Gracious 951G, sold for \$30,000 and ELCX G Mail 950G sold for \$15,000. His daughter, DL Heaven Can Wait 550H, sold for \$15,000. When you talk about cow power, this is the female you'll refer to from now on. The dam of this mating is sired by MAGS Anchor. This Lim-Flex female ranks in the top 5% of the breed for marbling with a .49. Her dam is a purebred Angus daughter of SAV 8180 Traveler 004 and is part of the foundation of females that characterizes the P Bar S Ranch purebred Angus herd. She has a tremendous amount of rib shape, extension and performance. You'll want to get your hands on these embryos. They'll be a hot commodity!

Whew. Talk about a unique and rare combination here! Three conventional embryos by the great Red Wildman Cimarron 605D and the legendary AUTO Zofia 439Z female. Red Wildman Cimarron 605D is one of the most exciting Canadian outcross sires in the Red Angus industry. He is out of Red Wildman Miss Stocky 420B, the 2016 Canadian Show Female of the Year. Cimarron was at Miss Stocky's side when she won the Grand Champion Red Angus Female title at the 2016 Farmfair International. AUTO Zofia 439Z is the popular MAGS Xyloid female that Cody Heavin won with at the American Royal. She is the \$50,000 valued purchase by J6 Farms from a Pinegar Limousin sale. Zofia is one of the finest purebred females to exist. She represents a pedigree and lineage that is proven and predictable. Her full sister, SBLX Znote, is a \$40,000-valued female known for producing at the highest level. This mating is some of the finest Lim-Flex genetics you can get your hands on and we are proud to be highlighting this opportunity with Zofia's influence.

We are pleased to offer conventional embryos to the unique mating of JYF Edmonton 519E and PBRS Ember 7277. JYF Edmonton 519E is the red purebred, homozygous polled, outcross sire from the J. Kelly Yorga herd in Saskatchewan. JYF Edmonton 519E is stout, deep-bodied and poised to take the breed by storm. He was Jack Glendenning's pick and the top-selling \$22,000 bull from the 2019 Yorga sale and it is easy to see why. PBRS Ember 7277 is the perfect blend of Lim-Flex and Red Angus cattle. She is a prime example of what a tremendous blend is possible within these two breeds. She is a daughter of the All-American Futurity Champion Bull, AUTO Lucky Strike 118B. He is the son of LH U Haul 135U. PBRS Ember 7277's dam is a daughter of Red Northline Crusher 341Y. This female is a feminine, balanced individual that injects the same into her offspring. Look no further, folks!

ELCX KINGS LANDING 599D • Full brother to dam of Lot 30

Regardless of your goals, rest assured this mating is bulletproof. Three purebred embryos to the great ELCX Charmer 566C and SSTO Guns N Roses 9408G. ELCX Charmer is the MAGS Xyloid and WLR Prada daughter that continues to produce some of the most solid breeding pieces within the Limousin breed. SSTO Guns N Roses 9408 is a son of the famed Riverstone Charmed female known as the "Ratliff heifer" that has completely taken the show industry by storm. His sire, TASF Crown Royal, is a champion in his own right, and sire of multiple champions, including this year's National Junior Limousin Show Grand Champion Female. What's more, his dam is the most accomplished show female in history and now her daughters are dominating the show road. At the 2020 Junior Nationals, eight of the 12 Lim-Flex females in the grand drive were Charmed daughters, including the grand and reserve, as well as four of the top five females. What's more, the demand for the Riverstone Charmed "Larissa" influence is at a total fever pitch as evidenced by her most recent daughter commanding a staggering \$201,500 on auction for the Ratliff family of Kansas. Invest with confidence with these genetics, folks! These genetics will leave a lasting impression as some of the most dominant and consistent producing genetics in the breed.

Without a doubt, these embryos will be the talk of town for years! When Hager Cattle Co. told us of their intention with this embryo lot we could barely contain the excitement. These four conventional embryos will be from the highly anticipated mating of CJSL 4357B, the mother of popular AI sire MAGS Federal Reserve. This S A V Heston 2217 daughter has an impressive production record and continues to impress us. The paternal influence of this mating is the popular AHCC Hemi 0901, the top-selling S A V Resource son from Hager Cattle Co. This bull is a true testament to his elite pedigree that encompasses some of the breed's absolute finest individuals.

Massey Limousin of London, Kentucky, is consigning three conventional embryos to the exciting young Angus sire, Collison Alpha 028 and the CFLX Black Robin 283Z female. Collison Alpha is a son of Dameron First Class and out of the great CS Georgina 919 female. He was the Division II Champion Bull at the inaugural Cattlemen's Congress in 2021. The dam in this mating is CFLX Black Robin 283Z, a daughter of CFLX Wild Card, a son of DHVO Deuce 132R. Her dam is the famous BOHI Red Robin 282R female, a Conneally Lead On daughter out of the one and only MAGS Manuela female. If you want to introduce exciting, new genetics to your program, these embryos are a fit for you!

These three embryos will be full siblings to the popular DEBV Gladiator 917G. DEBV Copper Penny is sired by Alter Ego and out of WLR Prada, one of the most consistent producers of champions within the breed that go on to make world-class sires and donor females. CELL Envision 7023E has proven to transmit progeny that pair big data with stand out phenotypes. CELL Envision 7023E is deceased but his legacy lives on by siring calves that sort to the top of many breeding programs across the country while capturing the attention of the best cattlemen in the land.

A big time opportunity to raise some national level champions. This donor is ultra-feminine, level-topped, bold-sprung and fundamentally-correct. She is sired by MAGSWL Usual Suspect 538U out of the famous AUTO Rebeca 292S. This pedigree makes her a full sibling to the one and only WLR Prada female. WLR Prada is one of the most consistent producers of champions within the breed that go on to make world-class sires and donor females. The paternal influence in this mating is the popular Angus AI sire SCC SCH 24 Karat 838 who has been siring champions across the country.

We struck gold in Canada securing exclusive U.S. semen rights on this powerhouse bull, Anchor B Gold Rush 48G. When the dust settled, breeders from across North America determined he was in high demand. He fits like a glove to what we are trying to produce here at Treftz Limousin. Quoting the breeder who raised him, "He is the type of bull I think the Limousin breed has been striving to produce in Canada for 50 years. You won't find a more powerful, mellow, soft-made, heavy-muscled bull in the Limousin breed." Watch for his progeny down the road as we have used him heavily in our herd and his calves have been nothing short of impressive. Claim your semen package early on this powerful herd sire, they won't last long!

WFL Hook Up 016H will be all the rage! Selling semen packages of 10 units for \$500. Now is the time to capitalize on this exciting young bull and introduce his influence to your program! He is a 43% Lim-Flex son of MAGS Ali out of the great LLJB Absolute Style 3056A. MAGS Ali is the Connealy Consensus 7229 son out of a DHVO Deuce 132R daughter, MAGS Yoko. LLJB Absolute Style is the Silveiras Style daughter out of the famous MAGS Wassail female who sells as Lot 2 in this very sale. Her production ability is well documented by a litany of top sellers and show ring champions across the breed. CELL Fascination 8231F, a full sib to WFL Hook Up 016H, produced the \$105,000 top selling heifer at the Linhart sale going to Sullivan Farms. WFL Hook Up 016H is homozygous polled and black. Without a doubt, the genetic influence present in this bull's pedigree is more than enough proof of what he is capable of producing in the future! There is no better time than now to invest in a WFL Hook Up 016H semen package.

Another rare semen package opportunity! Selling five packages of 10 units for \$500. JKGC Jet Stream 102J is a purebred Limousin bull worth paying close attention to. He is a son of TASF Crown Royal 960C, the son of DHVO Deuce 132R and the great TASF Whiskey Lullaby female. His dam, CELL 4344B, is a daughter of MAGS Winston. This bull is homozygous black and homozygous polled. On paper, he ranks in the 10th percentile for weaning weight, in the 15th percentile for yearling weight and milk and in the 25th percentile for marbling. To top it off, his structural integrity is beyond reproach, making him a young sire worthy of your appraisal.
