Compared to last week; Feeder steers and heifers mostly steady. Demand moderate to good for feeder cattle despite lower cattle futures. Corn prices pushed higher as exports are expected to increase, thus causing feeder futures to move lower. Slaughter cattle trade pushed thru record highs once again last week with good movement. Weaned steer and heifer calves 10.00-20.00 lower in a light test and on lesser quality. Un-weaned calves sold sharply lower. Hot humid day today followed by 60's tomorrow has negative effects on un-weaned and short weaned calves. Demand moderate for calves. Some farmers are busy in the field cutting wheat. Quality mostly average. Feeder cattle in medium to fleshy conditions, few thin. High winds and warm temperatures the last 4 days has only intensified drought conditions in Western Oklahoma. There are some rain chances for the rest of the week. Supply included: 100% Feeder Cattle (57% Steers, 39% Heifers, 4% Bulls). Feeder cattle supply over 600 lbs was 82%.
